## German Police Fight Students Of Two Cities

FRANKFURT, Germany (AP) — Police battled leftist demonstrators in the streets around the Axel Springer publishing plants in Frankfurt and Munich Monday night as thousands of students tried to prevent distribution of today's newspapers.

More than 150 demonstrators were arrested as student rioting spread to West Germany. Thirty demonstrators were reported seriously injured.

West Berlin was free of student violence Monday for the first time since the attempted assassination there last Thursday of Rudi Dutschke, 28-year-old leader of the Socialist Student Federation, or SDS. But more than 2,000 West Berlin students held a nonviolent demonstration under the watchful eyes of police with water cannon.

Dutschke, hospitalized with three bullet wounds, was reported out of immediate danger. A house painter accused of shooting him, 23-year-old Josef Bachmann, was wounded by the police who captured him and was reported in good condition at the same hospital.

Springer, the biggest newspaper and magazine publisher in continental Europe, has long been a target of leftist students because of his conservative editorial policy. The SDS claims attacks in the Springer papers on Germany's dissatisfied leftist students were an indirect incitement to the attack on Dutschke.

A casualty of Monday's fight at the Springer plant in Munich was Associated Press photographer Klaus Frings. He was in serious condition after being struck on the head by a stone during the fighting.

Four other persons were seriously injured and more than 100 arrested in Munich. Police said they found an incendiary device in a courtyard of the printing plant.

The battle in Frankfurt was joined after police moved from behind barbed wire barricades and tried to convoy about a dozen delivery trucks through a crowd of 5,000 blocking the printing plant.

## Cigarettes 50¢, Florida Puffers Roll Their Own

TAMPA, Fla. (AP) — Florida smokers, gasping over new prices of up to 50 cents for a pack of cigarettes, are on a roll-your-own kick.

Thrifty smokers have besieged tobacco shops by the thousands in search of roll-your-own gadgets ranging in price from 75 cents to \$6.95. With the machine, and a little skill, a 10-cent pack of tobacco and papers produces 50 cigarettes or more.

Many storeowners reported almost immediate sellouts of the machines shortly after April 1, when the state cigarette tax was boosted from eight to 15 cents a pack.

At the state Capitol, officials don't seem worried that the gadgets will thwart the legislature's plans to raise \$50.5 million for education with the new tax on cigarettes.

"It might take six months or so for things to get back to normal," says John H. Kirgan, fiscal officer of the State Beverage Department. He says the roll-your-own fad will subside in time.

## U.S. Loses Four Planes; Two To Enemy's Gunfire

SAIGON (AP) — The air war against North Vietnam cost the United States four more planes Monday, two shot down over the southern panhandle and two lost when they collided in the air, military sources said today. Five of the fliers were rescued and one was lost.

A U.S. spokesman suggested the North Vietnamese may be moving more antiaircraft guns south to counter the increase in American bombing of the panhandle since President Johnson's curtailment order.

The two planes shot down were Air Force F105s and both were hit near Dong Hoi, about 40 miles north of the demilitarized zone. The U.S. spokesman said antiaircraft fire around Dong Hoi was extremely heavy and possibly the enemy had been installing new weapons positions in the panhandle area.

Since President Johnson halted U.S. bombing north of the 20th Parallel on April 1 in an attempt to open peace discussions with Hanoi, U.S. pilots have more than doubled their usual number of daily raids on the panhandle.

**One Pilot Missing** One of the F105 pilots, Col. David W. Winn, 44, of Minneapolis, Minn., maneuvered his crippled Thunderchief 100 miles south over the South China Sea, bailed out at 18,000 feet, and was picked up by a "jolly green giant" helicopter.

The pilot of the second F105 is listed as missing in action.

Military sources said two Navy F4 Phantoms from car-

## Iranian Quints Reported 'Fine'

TEHRAN, Iran (AP) — Quintuplets—three boys and two girls—born Saturday to an Iranian farmer and his 35-year-old wife were "doing fine" today in a town accessible only by mule, Tehran newspapers reported.

The babies were reported to have been delivered by a midwife in Lalan, a village near Kalar in a mountainous region near the Soviet border. A mule team of health officials and newsmen was on its way to Lalan.

The newspaper Etteelaat said the quint's mother Zahra, and her 45-year-old husband, Mohammed, have been married for four years and have two other children.

## Rocky Candidacy Would Liven Up Campaign: Nixon

WASHINGTON (AP) — If Gov. Nelson A. Rockefeller's likely challenge for the Republican presidential nomination is disturbing Richard M. Nixon, the former vice president is concealing it with a "come on in" to see him were jiggling McCarthy banners.

Charles McWhorter, a top Nixon lieutenant, said in an interview Nixon believes a Rockefeller candidacy would revive public interest in the Republican convention.

"It certainly will liven things up," said McWhorter.

Most of the starch went out of the GOP contest when Michigan Gov. George Romney withdrew and Rockefeller subsequently announced he would not become an active candidate for the nomination but would accept a draft.

**McCarthy In Charleston** The New York governor and Nixon will match major speeches before the American Society of Newspaper Editors in Washington this week. The New York governor's appearance is being touted as a sort of unofficial entry into the nomination race.

While Nixon's forces consider Rockefellers their biggest threat, they are not taking their eyes off Reagan. Expected to have California's 86 convention votes as a favorite son, Reagan has said he is not a serious contender for the nomination.

On the Democratic side of the race, Sen. Eugene J. McCarthy got back into campaign harness today after a long Easter weekend with a visit to Charleston, W. Va. McCarthy's chief rival, Sen.

Robert F. Kennedy, D-N.Y., scored heavily with predominantly Negro crowds in Gary, Ind., Monday. Kennedy was also well received when he dropped in on Fargo, N.D., for a speech Monday night, though many young people who turned out to see him were jiggling McCarthy banners.

And in St. Louis, where 17 of the nation's 24 Democratic governors met to size up the political situation, they were unable Monday even to agree on a resolution expressing support in advance for the party's presidential nominee, whoever he may be.

**Reagan Eyed**

The Iowa State Republican Convention, which began meeting today to pick a delegate slate, may give some line on how much latent support there is for Rockefeller and Gov. Ronald Reagan of California.

Representatives of Rockefellers and Reagan are pulling for an unstructured delegation. Nixon wants the 24-vote slate pledged to him.

While Nixon's forces consider Rockefellers their biggest threat, they are not taking their eyes off Reagan. Expected to have California's 86 convention votes as a favorite son, Reagan has said he is not a serious contender for the nomination.

**Today's Chuckle**

It may be true that most people can't stand prosperity. But it's also true that most people don't have to.

## Johnson Gives Hanoi New Prod For Peace

### Tipsters Still Finger Cheats On Income Tax

WASHINGTON (AP) — Despite its complex tax computers, the Internal Revenue Service still relies on tipsters to catch some of America's tax cheats.

But the number of rewards for supplying usable information is on the wane.

Now that Monday's income tax deadline is past, IRS can expect a flood of mail claiming that one person or another cheated on his tax return.

Officials said they receive about 100,000 tips each year from persons looking for rewards, seeking vengeance, disgruntled with their employer or simply patriotic.

The number who actually collect a reward is relatively small—624 for the last complete fiscal year—and is expected to get smaller. Two years before, 792 persons got rewards.

Officials said the computer system now in complete operation can uncover errors and omissions on tax returns before the informer can act.

IRS doesn't broadcast the fact it sometimes uses information supplied by tipsters to catch tax cheats but officials said it's a small part of the law enforcement program.

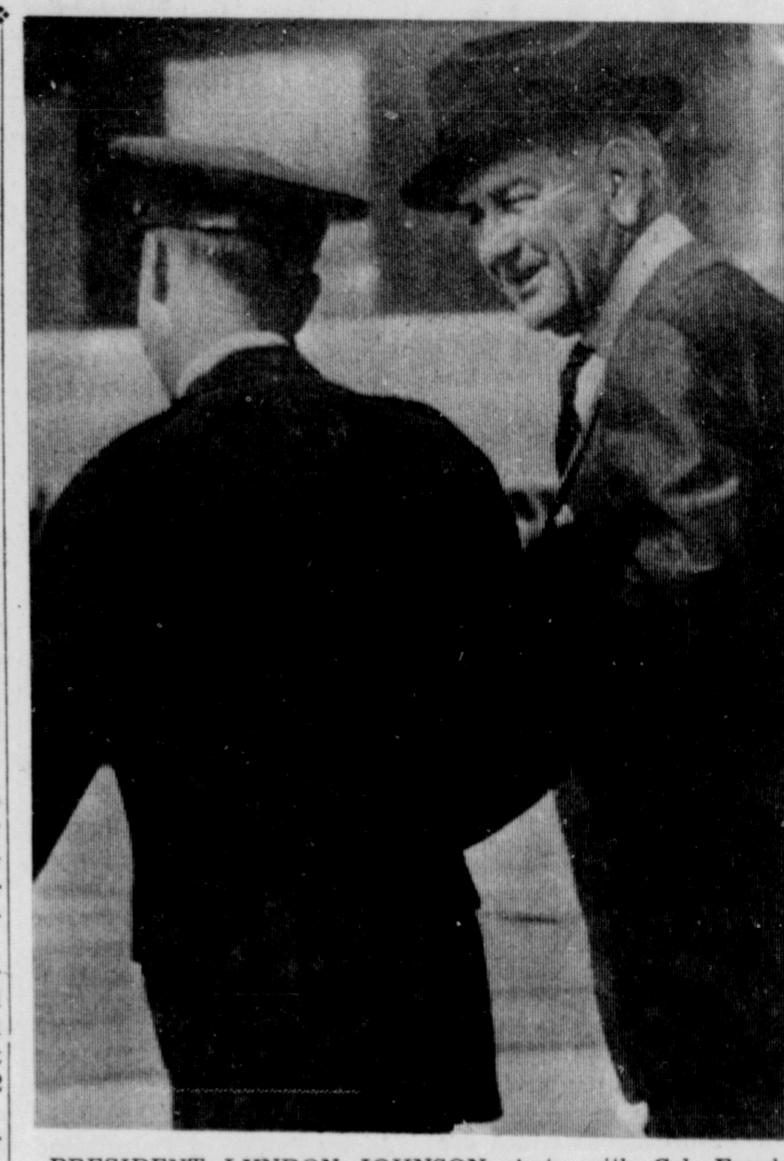

For the 12th consecutive day, the American bombers stayed below the 19th Parallel, with the northernmost penetration a strike by Navy bombers on a causeway one mile below the parallel.

Other attacks were made on supply routes, antiaircraft sites, and truck convoys.

#### A Shau Valley "Hot"

Over South Vietnam, Air Force B52 bombers flew nine missions against enemy buildup, supply, service and recuperation areas along the Cambodian border 56 to 59 miles northwest of Saigon and in the A Shau Valley west of Hue.

The reward can go as high as 10 per cent of the amount collected by IRS but it usually represents between 4 and 6 per cent. And rewards are passed out only after IRS determines the information helped materially to recover additional taxes.

## Soviets Achieve Moon Trip Step

WASHINGTON (AP) — Western space experts believe the latest linkup of two Russian satellites has provided the Soviets with technical knowledge to move forward with two programs.

IRS doesn't broadcast the fact it sometimes uses information supplied by tipsters to catch tax cheats but officials said it's a small part of the law enforcement program.

The next step, expected soon, should be space dockings involving manned ships—afeat accomplished by America's Gemini astronauts as early as March 1966.

It is believed the Soyuz 1 flight last April was to have been the first Soviet space link-up. But the plans were upset when the spacecraft developed control and parachute problems that killed the cosmonaut pilot, Vladimir M. Komarov.

While the Soyuz ship was being redesigned, the Soviets used the unmanned Cosmos 186 and 188 flights last October to gain their initial docking experience. They duplicated the exercise Monday with Cosmos 212 and 213.

**Radar Improved**

The repeat may have been necessary because of problems which cropped up on the October test. American specialists said the Russian radar on the main satellite (186) lacked the long-range precision of that on the Gemini craft.

They noted that Cosmos 187, originally intended for the docking, was too far off course, ne-

cessitating the launching of 188. The latter achieved an orbit just 15 miles behind its space partner.

The Russians said Monday's flight involved "refinement of new systems," which could indicate improved radar.

Gemini pilots, who achieved more than a dozen dockings on four flights, often started out several hundred miles behind their Agena target satellites and in different orbits, using sophisticated radar systems to pursue their prey.

#### For Moon Mission

Edward Welch, director of the National Aeronautics and Space Council, said after the first Soviet linkup that the United States long has had the capability of docking unmanned satellites, but that this was not necessary because the technique was proved in the Gemini program.

The paths of the Russian satellites involved in the linkups indicate they are preparatory flights for a man-to-the-moon mission. All were on courses ranging between 51.7 degrees north and 51.7 degrees south of the equator—which for Russia's launching purposes is an ideal course for starting for the moon.

The Soviets have said their man-to-the-moon plan involves first assembling a large space station in earth orbit, using it as a launch pad for lunar journeys.

## Honolulu Talks Check Korean, Viet Problems

HONOLULU (AP) — President Johnson, pressing Hanoi for an early and serious response to Vietnam peace efforts, is also bearing down on military problems in conferences at the U.S. Pacific command post.

Johnson's schedule today centered on a visit to the hilltop headquarters of Adm. U. S. Grant Sharp, the Pacific commander in chief who will retire in July. The President said he wanted to talk about the military situation in Vietnam with Sharp and his designated successor, Adm. John S. McCain.

The President gave North Vietnam a new peace prod Monday, soon after arriving in Honolulu.

#### Seek Talk Site

As friends and critics vied for attention with shouts, chants and placards—the friends clearly were more numerous—Johnson reviewed peace efforts in an address from the steps of Iolani Palace, seat of the Hawaiian government. These efforts focus at this stage on finding a mutually acceptable preliminary meeting site.

Declaring "precious time is being lost," Johnson said:

"For us, this is not a propaganda exercise. We have sent serious and considered messages aimed at bringing about the earliest possible contact."

"What is needed today is an equally serious reply, reacting to our proposals for neutral sites or offering additional suggestions of neutral capitals where both of us have representatives and communications."

#### Cite LBJ Offer

Several hours after Johnson spoke the official North Vietnamese Communist newspaper Nhan Dan said the United States showed "lack of good will" in turning down two sites Hanoi had proposed, Warsaw and Phnom Penh, Cambodia.

A Nhan Dan article broadcast from Hanoi flung back in the President's face his offer in the past to send U.S. negotiators anywhere at any time for talks.

"This statement is big-sounding and allows no misunderstanding," the article said.

"Yet, after making many such statements the Johnson administration now changes tune."

#### To Meet Park

While here, Johnson said, he would discuss what he termed the twins paths to peace with the top military command and, on Wednesday, with President Chung Hee Park of South Korea, a somewhat restive ally concerned about American steadfastness in the Pacific area.

Park was flying in from Seoul tonight.

Johnson is expected to remain in Hawaii until Thursday. He is living about 10 miles outside the city at the seaside estate of the widow of the late millionaire industrialist Henry J. Kaiser.

## Romney Lauds School Aid Act

LANSING (AP) — Gov. George Romney today congratulated the Legislature for its work so far this year, especially the early passage of the \$752 million state school aid bill.

"The actions of this Legislature to date indicate a determined effort by its members to make Michigan the better, cleaner, safer state we are seeking in this critical year," Romney said.

The school aid bill, which would draw \$374 million from the state's general fund, is already awaiting Romney's signature. The governor said it had received legislative approval earlier "than in any year for a long, long time."

Early passage of the annual school and appropriation allows school districts to get an accurate picture of the financial shape they will be in the following year, he noted.

The 1968 measure "is a responsible school aid bill within the existing availability of tax dollars at the state level," Romney said.

## Clean Food Bill

The men who work for the public in the sanitation services are asking support for House Bill 2899.

We are not in good position to comment on this bill because we have not had opportunity to confer with food industry people about it. But we'd guess that their reaction would be approval from the businessmen who have made an investment in sanitary facilities for food preparation and service, and opposition from those who are in the business marginally, just hanging on and not making much money and complaining that now the government proposes to increase their problems by tightening up further on inspection of food services.

The original bill was not introduced at the request of the Michigan Department of Public Health but it strongly recommends its passage.

The bill would assign responsibility for consumer protection through food service sanitation to a single agency at the state level. The sanitation and health standards for all food service establishments and vending machines would be those of the U. S. Public Health Service. (Several Michigan cities already have adopted these standards.)

The National Restaurant Association and the National Automatic Merchandising Association played active roles in developing the proposed codes and are urging their adoption by the states and local communities.

At the present time local health department sanitarians in Michigan are using staff time that costs more than \$1 million a year in regulating food service establishments and the sanitarians' programs aren't uniform nor coordinated. These local programs would be incorporated into a state plan with uniform standards under the proposal.

Tourists and other visitors to Michigan would be assured by the proposed legislation that any food establishment which they visited would have had adequate inspection. The responsibility for investigating foodborne diseases associated with food service establishments would be assigned to local health departments and the State Department of Public Health. The duplication which can occur now between the Department of Agriculture and local health departments would be eliminated.

There would be license fees, of course; inspection always has them as a hag on its back.

In our already over-regulated life the service would be one more regulation. But it would be a good one. Actually it would replace an existing program with some deficiencies of coordination and clear assignment of responsibilities.

Its aim would be to:

1. Protect food against infection by imposing sanitary standards to reduce to a minimum the opportunity for microorganisms to gain entrance to food and to multiply in it, causing communicable disease and foodborne illness.

2. Insure the wholesomeness of food, which means, free from any substances hurtful to the health of the consumer. This refers to harmful chemical additives, pesticides, drugs, etc.

3. Meet consumer expectations of appealing atmosphere as well as safe foods. Esthetic considerations play an important part in a food sanitation program.

The people who know most about the difficulties of providing wholesome, safe food in public places suggest this legislation for the public's protection. Adoption is recommended.

South's three diamond opening in this U. S. Aces practice game was effective in shutting Bobby Wolff and Mike Lawrence out of the bidding. It was just as well that it did because if South had just passed, the best East and West could make would be a part score.

South was unlucky to find a dummy without any trumps and it would have been a cinch for Bobby and Mike to set him three tricks; but our team is trying for perfection in both

This put Bobby in again and he played his ace of hearts. This gave Mike a chance to make the key play. He dropped his nine of hearts!

Just to keep bridge a simple game, the trump echo is used to show an odd number; the side suit echo either to show strength in the suit or an even number of cards.

Mike couldn't be showing strength. Dummy held the king-queen. He had to be showing an even number and that number had to be four. This meant that South's distribution was 2-1-7-3 and Bobby had had a blueprint. He cashed his ace of hearts and led his fourth club. Mike ruffed with the queen of trumps and South was down four.

## HemisFair '68 Is San Antonio's Bid

ONCE VISITED, the Paseo del Rio in downtown San Antonio will remain gentle on your mind.

By JIM CROSSLEY

Switch gears from French to Spanish.

Fairest of the fairs this year is HemisFair '68.

Goodbye Montreal. Hello San Antonio, Tex.

To whip up a birthday party celebrating the 250th anniversary of its start, about 100 acres of land have been transformed into a play-and-learn center a few blocks from downtown San Antonio. Seven million guests are invited.

It isn't too hard to get such a fiesta going. This American-Spanish-Mexican city likes a good time and shows it each April with a week-long commemoration of Texas independence, all laughter, music and eggshells filled with confetti.

This party will just last longer—all summer, through Oct. 6.

As hard as it is for a city to be individualistic these days, San Antonio can call itself unique. Fair-goers will find a grand mixture of conflicting aspects tugging for their attention. Here are some:

Those who visit the city always tell their friends first about the delightful river area in the downtown district, the Paseo del Rio. Thirty years ago it was walled and landscaped. A few steps down from busy streets takes the people into a place apart. There are quiet walks, restaurants, cafes, shops.

There's a 312-seat restaurant even boats on which diners eat as they cruise up and down the narrow stream.

This is only the most unusual of the city's sights and experiences. Ingredients from south of the border—almost half of the population speaks Spanish—are enough to make the community a spicy dish.

South was unlucky to find a dummy without any trumps and it would have been a cinch for Bobby and Mike to set him three tricks; but our team is trying for perfection in both

Patrons may even choose to arrive at the grounds by gondola, using a branch of the San Antonio River. The amusement area is called Fiesta Island.

Speaking of Expo '67, it hasn't said a final goodbye at all. It will still be basking in an afterglow for those who missed it. Taken over by the city of Montreal, it will be open again this summer, intact except for some of the national exhibits. Note of interest: Habitat, the modular dwelling unit experiment, now has three suites occupied.

## CIVIL RIGHTS

A lakers crew can consist of men whose education varies from the almost nil to the college graduate. The different opinions on Civil Rights and our racial and poverty cases can be very interesting. These men also come from every part of our nation.

Instead of bigotry one need only think a little to know that our black Americans have a just cause in striving for better recognition as full citizens. We should all know that the vast majority of negroes do not condone arson and looting.

The late Dr. King's leading effort was for the enactment of a guaranteed minimum income for all the poor. The U.S. has far more poor white than black people. While such a law could reduce juvenile theft, it would not lessen Big Crime.

Once nearly all poor children were taught by honest parents to not steal from anyone. Now the poor child sees affluence at every turn, much of it inherited. We cannot condemn the poor child for stealing. It is for certain that all people of wealth make sure that none of their descendants will ever have to Buck the Tiger by reason of having seen the poor.

It would cost only about \$20 billion annually to give each of some four million hard core poor families at least \$100 weekly. Then the law could be more drastic where Johnnie Goton is caught snatching a purse, etc.

This is easy to say: "I've got it, why haven't you?" Another question can also arise, "Just how did you get it?"

But boys, please do not break and enter to do damage to property and/or steal goods that either the present owners or their graved parents worked hard to get.

The baby is due in about two weeks and I am undecided as to whether I should tell our parents when the baby arrives or wait a few months. What is your advice?—INFANTICIPATING

## Steel Bargaining In Locals Begins

PITTSBURGH (AP) — Millhands at U.S. Steel's Homestead Works want more parking space and a doctor on duty fulltime. Steelworkers at McKeepsport want incentive pay for all workers at their plant.

These are some of the hundreds of local issues dropped onto the negotiating tables at steel plants around the country Monday. An Aug. 1 steel strike is in the balance.

But local officials of the 450,000 United Steelworkers affected by the talks are afraid the local issues will wind up on the national bargaining table come June, placing an added burden on industry negotiators

already concerned about the traditional strike hedge stockpiling by users.

But the union members killed an arbitration plan. Negotiators switched instead to an early start at local issues, hoping to get them cleared away before industrywide talks start June 3, in New York.

"They shouldn't really be tough to settle, but the company may take the position they're economic issues and kick them up to the national level," Tomko adds.

Steel talks weren't scheduled to start until June 1. Negotiators considered voluntary compulsory arbitration as one way to head off a repeat of President Johnson's 1965 intervention and

Atlantic City last month, increased wages got top priority.

But local officials are nearly unanimous in describing incentive pay for all workers as the issue most likely to get thrown from local talks into the national.

The local negotiators have until May 15 to complete their talks. Tomko has over 100 items to bring up.

Local officials expect other sticky issues to be better pensions, a union voice in enforcing safety regulations and a guarantee that workers won't be downgraded after their jobs are eliminated by automation.

One industry source says he expects the union to ask nationally for a 9 per cent wage hike and refuse to go below the 6.1 per cent gained for can workers in January. The union figures steelworkers earn \$3.83 per hour. The industry estimates wages and fringe benefits cost \$4.88 an hour.

## Fleming Promises Equal Treatment University Action

ANN ARBOR (AP) — Dr. Robben Fleming, president of the University of Michigan promised black students today the university would work with them to prove "by affirmative action that it wants and will support a society in which all may share equally."

The promise came after a meeting with Negro students representing a group which had barred entrance to the school's administration building last Tuesday.

Fleming said those attending talked about scholarships, an endowed chair in the name of the late Dr. Martin Luther King, the employment of Negro coaches in the athletic department and the implementation of a report on hiring minority group members. He said they also talked on other proposals made Tuesday by the students.

Fleming said "on many of these matters we found that we had no differences and in that connection I shall be discussing several items with the regents later this week."

The regents meet Thursday and Friday.

## Strike Cut '67 Seaway Cargo

OTTAWA, Ont. (AP) — The St. Lawrence Seaway Authority says a tie-up of lake shipping due to strike action reduced traffic through both sections of the seaway in 1967, compared with the record 1966 season.

In 1967 a total of 60,923,400 tons of cargo was carried on the system, with 9,603 ship transits. Comparative overall figures for the 1966 season were not given.

The decrease in 1967 had resulted from a five-week strike of the Seafarers' International

were, in sequence of volume, iron ore, wheat, manufactured iron and steel, fuel oil, corn and barley. These items accounted for 72.9 per cent of the total east and west traffic in 1967.

Cargo tons decreased by 0.7 per cent upbound and 17.2 per cent downbound, with 1,277 fewer vessel transits than in 1966.

Cargoes classified as bulk shipments accounted for 90.4 per cent of the total traffic, while only 9.6 per cent of the loadings were general commodities.

LANSING (AP) — Mild spring weather enabled Michigan farmers to make good progress with their field work during the past week.

The Michigan Crop Reporting Service said field work was four days ahead of normal and six days ahead of last year. Soil moisture supplies were mostly adequate. Some moisture was reported from the Thumb and southeastern areas of the state.

Oat planting was nearly one-fourth completed. This put planting progress 19 days ahead of last year and two weeks ahead of normal.

Berger was serving with Company A, 1st Medical Battalion, 28th Infantry Division. He is a 1965 graduate of Battle Creek Academy, Battle Creek, and attended Andrews University, Berrien Spring, Mich., before entering service in March, 1967. He has been in Vietnam since last August.

### Carney Soldier Awarded Medal

A young soldier from Carney has been awarded the U.S. Army Bronze Star with the "V" device for valor for "heroism in connection with military operations against a hostile force" in Vietnam.

Spec. 4 Gary R. Berger, 21, son of Mr. and Mrs. Ralph Berger of Carney, was awarded the medal for his actions last Nov. 14.

The citation said Spec. Berger was serving as a medical aidman on a combat operation in the village of Loc Ninh when the friendly unit was subjected to intensive automatic weapons fire from an enemy force.

"Moments later two soldiers from an observation post were seen coming out of the nearby bamboo," the citation reads. "Both men were seriously wounded by the intensive hostile fire.

"With complete disregard for his personal safety, Spec. Berger unhesitatingly ran across the bullet swept area to reach the wounded soldiers. He promptly administered emergency first aid as his platoon leader placed suppressive fire upon the enemy.

"Continuing to ignore the heavy volume of fire, he made two trips to carry the wounded men back to the defensive perimeter. Then, directing the casualties to the battalion first aid station, he insured that they were quickly evacuated.

The discussion will concern fundamental questions of purposes, methods, and results of education. Each panelist will explain his position briefly, and then the discussion will be open to questions from the audience.

Anyone interested is welcome. The discussion is sponsored by the Newman Association of the college.

# Thousands Wait Court Action In Wake Of Rioting

By The Associated Press

Courts are engaged in processing thousands of arrests made during the looting, arson and violence that followed the slaying of Dr. Martin Luther King Jr. Hundreds are still in jail.

Hundreds have been fined, mostly for curfew violations. Many have received suspended sentences. Others remain free in jail pending trial on charges ranging from looting and arson to first-degree murder.

In Baltimore, about 5,800 persons were arrested. Of 3,466 cases tried, 2,193 convictions resulted, mostly for curfew violations. Fines ranged from \$5 to \$300. Probation cases totaled 389. Many cases involving looting and arson await grand jury action.

Washington reported 5,500 arrests, including 4,400 curfew violations. Persons charged with curfew violations have been told they can avoid trial by posting \$25 bond. The remaining cases deal with looting, arson, and other more serious charges.

Chicago arrest figures exceed 2,800, with an estimated 500 persons remaining in jail.

Bonds for 207 persons arrested in looting and arson cases were reduced Sunday in a special Easter session of circuit court. A total of 283 cases were heard.

Previously more than 2,000 were released on bond, plus some juveniles who were turned

over to their parents. Most of the Chicago arrests were for disorderly conduct, curfew violations, burglary and looting.

Cases in other cities include: CINCINNATI — Total of 260 persons arrested, including 54 juveniles. Charges included curfew violations and possession of fire bombs. Three persons have been charged with first-degree murder, one for manslaughter, two for assault with a deadly weapon, and one for inciting to riot.

NEW YORK (AP) — About 400 arrests, with disorders minor compared with those in other cities. All cases are being processed in courts of the city's five boroughs.

KANSAS CITY — About 160 in jail in lieu of bonds of \$50,000 to \$100,000 awaiting hearings on felony charges arising from riots. Courts also have 122 misdemeanor cases, such as curfew violations, on docket. About 20 persons pleaded guilty to curfew violations and were fined \$15 to \$25. Other cases have been continued.

## Holman Speaker

DETROIT (AP) — M. Carl Holman, deputy staff director of the U.S. Commission on Civil Rights, will address the biennial Midwest Regional Conference of Delta Sigma Theta, a predominantly Negro women's public service organization, at Detroit's Statler-Hilton Hotel Saturday.

Mark V. Nelson, 17, Rte. 3, Rapid River, was arrested April 11 and charged with possession of a spear along a trout stream (Ongontz River). He paid \$25 fine and costs. His spear was confiscated.

Matt Millimaki, 67, and John A. Millimaki, 64, both of Ishpeming, each paid \$10 fines and \$7.90 costs after pleading guilty before Justice Fred Berg of Ishpeming to a charge of fishing in closed waters of the Little Garlic River. Officers said they were arrested April 6.

## Black Separatist Faces Court On Income Charges

DETROIT (AP) — A black separatist was free today after pleading innocent Monday to federal charges that he failed to file an income tax return for the years 1961 and 1962.

Milton Henry, 49, of Pontiac, stood mute at his U.S. District Court arraignment Monday, and a plea of innocent was entered for him.

Henry, an attorney, is vice president of a group which says it plans to found a separate Negro nation in five Southern states — Alabama, Mississippi, Georgia, South Carolina and Louisiana.

U.S. District Judge Damon J. Keith released Henry under personal recognizance. No trial was set.

George Katalinch, an Internal Revenue Service official, said Henry's income for 1961 was \$16,074 and in 1962 \$18,988. The charges, which are misdemeanors, carry maximum penalties of a year in jail and a \$10,000 fine.

## 5-Day Colgate Sit-In Is Ended

HAMILTON, N.Y. (AP) — A massive five-day sit-in demonstration at Colgate University is over, but school officials still grappled today with "the broad questions raised" by the assault on discrimination by fraternities.

"Our demands have been met," William Robinson Jr., a Negro student leader, asserted Sunday night.

With that, an estimated 600 Colgate students and faculty members moved out of the university's three-story administration building, which they had taken over Wednesday.

The settlement, reached in virtually round-the-clock talks between the Association of Black Collegians, headed by Robinson, and Colgate President Vincent M. Barnett Jr., provided that discrimination by all fraternities cease and the rights of members of Phi Delta Theta, the principal target of the protest, be protected.

A school spokesman said the discrimination provision was aimed specifically at the "blackball" system, under which one negative vote blocks a student from joining a fraternity.

Barnett revoked Phi Delta Theta's local charter Friday. He said Sunday's agreement allows the fraternity members to occupy their house for the next two years but bars them from engaging in usual fraternity activities.

## Area Students Will Attend FHA Convention

Miss Diane Smith, Joyce Kirschner, Jill Hanson and Candace Stebbins, students at Powers Spalding High School, will attend the Future Home-makers of America State Convention, April 18 and 19, in Grand Rapids.

Mrs. Walter Veraghen and Mrs. Stewart Perry, chaperones, are in charge of the Powers Spalding FHA Chapter delegation.

The convention, with headquarters in the Pantlind Hotel and Civic Auditorium, will draw over 1,500 delegates, members and advisors from throughout Michigan.

The conference is sponsored by the Home Economics and Family Life Service Division of the Vocational Education, Michigan Department of Education. Mrs. Thelma Graper, State FHA advisor, serves as general chairman.

Following the theme of "It's A Small World," the convention has the following purposes: to stress and interpret the FHA State and National projects; to elect state officers for the coming year; to provide leadership training, to promote social development, and finally, to provide a greater understanding of FHA as an organization.

Among the speakers will be Mrs. Millie A. Stolbach, editor of Teen Times, Washington, D.C.; Darrell B. Thomas, College of Education, Western Michigan University, Kalamazoo; Miss Marilyn Van Dernber, Chicago; Susan Warren, National FHA vice president of projects, Henderson, Ky.

Theodore Pasma, music director, Ridgeview Junior High School, Grand Rapids will direct the All State Chorus consisting of about 75 FHA'ers.

Shirley Bedell, State FHA president, Bellair Chapter, will report to the delegates and preside over the convention with the assistance of the other state officers. Miss Bedell attended Region 17 fall meeting at the Powers Spalding School and was a guest of Diane Smith, chairman of Region 17.

## 'Bonnie And Clyde,' Affects World Society

HOLLYWOOD (AP) — Except with voters of the Motion Picture Academy, "Bonnie and Clyde" continues to be a win-win film.

The movie has amazed everyone in the movie world, including those who made it. "We knew we were working on something special," says costar Faye Dunaway, "but we never dreamed that 'Bonnie and Clyde' would take off the way it did."

Indeed, film observers cannot recall when a single film has had such an impact on so many facets of society—fashion, music, film technique, fads, humor, and even crime.

### Holdups

In recent weeks, banks were held up in Atlantic City, N.J. and the Bronx, N.Y., with women involved in the robberies; both crimes were headlined as "Bonnie and Clyde-style holdups." When the FBI reported a

series of holdups.

Wednesday, April 17, 3:30 p.m. - Carol and Calvin choir rehearsal; 7 p.m. - UPY Senior High Fellowship; 8 p.m. - Sanctuary Choir.

### First Presbyterian

Wednesday, April 17, 4 p.m. - Junior Choir; 7 p.m. - Senior Choir and Junior High MYF; 8 p.m. - Miriam Abigail Circle at the home of Mrs. Jack Foster.

### Central Methodist

Wednesday, April 17, 9:30 a.m. - Women's study group; 4 p.m. - Junior choir; 7 p.m. - Chancel choir; 6:30 p.m. - Junior High MYF; 8 p.m. - Senior High MYF.

### Evangelical Covenant

Wednesday, April 17, 7:30 p.m. - A combined circle meeting will be held at the church at 7:30 p.m. Wednesday. The program is in charge of Mrs. Roger Johnson and Mrs. Amer Peterson. The public is invited to attend.

### Men Resist

The Clyde Look has not caught on as fast with the males, traditionally resistant to change. But in London, Paris, San Francisco and Greenwich Village of New York, men have been sighted in wide-lapeled pin stripes and "Clyde fedoras." Women have also adopted the floppy, wide-brimmed fedora for their own uses.

"Bonnie and Clyde" has brought a flood of record albums and singles in the United States and abroad. Warner Bros.-Seven Arts was caught by surprise, not supplying the title tune that often goes with film hits; the company had released only the sound track music by Plata and Scruggs. It has been a consistent seller, but it didn't fulfill the need.

### Sirens, Gunshots

That was supplied by a pair of English song writers, Mitch Murray and Peter Callander, who whipped up a "Ballad of Bonnie and Clyde" and had it recorded by 24-year-old Lancashireman Georgie Fame. The record was a big hit in England, but was banned in France because of its sirens and gunshots.

France supplied its own Bonnie and Clyde songs—seven versions on 11 records. One of them is a lampoon sung by Brigitte Bardot, who enacted a parody of the film on her television special in France last December.

Numerous records have been sprung up in this country, including a curiosity from RCA-Victor: a recital by Bonnie's sister, Billie Jean Parker, about the "real story" of the Midwest desperadoes. More hummable numbers on the program. They hats were made in only a few versions of the saga have been turned out by Mel Torme and the choir this year.

Another special number will head.

Hymns, chimes and anthems will be "Come To The Temple" by Barbara, Bill, Bonnie, Diane and Roy Berto. The Berto family will be moving to Monroe, Mich., in June.

The choirs are under the direction of the Misses Jean Nelson and Shirene Hirsch and accompanist is Mrs. Morris Van Horn.

Rev. Robert Gohdes is pastor of the Moravian Church of Daggett, and will present their Spring concert on Sunday evening, April 21.

It will be given in the church sanctuary and will begin at 8 p.m.

Hymns, chimes and anthems will be rung and sung by the three choirs of the church.

Barbara Senger, Sally Walcott and Allen Strohl will ring, the little bow, which now serves to mark the back of men's Me, Oh Lord? as a special hat is a relic of the past when

drawstrings were put in the lining to make the hat fit the head.

## U.S. Finds Inaccuracies In Detroit Poverty Fight

WASHINGTON (AP) — A General Accounting Office report says the Detroit antipoverty administration has given the government an inaccurate and misleading information on participants and tried to get financial credit for facilities that weren't used.

The report to Congress on a GAO audit also found "duplication of administrative effort and cost" in the Detroit program which it said the U.S. Office of Economic Opportunity has been unable to correct. In this connection, the GAO, which is an arm of Congress, criticized use of a Catholic church agency.

### Start New Audit

The 86-page report was released shortly after The Associated Press reported that the GAO, the Detroit city auditor's office and a state legislative committee all were looking into operations of the antipoverty agency—the Mayor's Committee for Human Resources Development, headed by Mayor Jerome P. Cavanagh. The GAO already is at work

### Four Arrested; Charge Kidnap

ANN ARBOR (AP) — Authorities disclosed Monday that two rookie policemen in Ann Arbor were kidnapped at gunpoint during a recent crackdown on narcotics activities in the vicinity of the University of Michigan and Eastern Michigan University campuses.

Prosecuting Attorney William S. Delhey of Washtenaw County said the lives of the two policemen, whom he did not identify, were in "great danger" during the time they were held captive. Delhey and Harold E. Olson, acting police chief of Ann Arbor, released some details of the cloak and dagger operations which led to the arrest of 15 persons in recent weeks. Four of them were charged with kidnapping the policemen.

Delhey said that county and city police officials teamed in the intensive probe which, he said, came after reports of extensive traffic in marijuana, heroin and other drugs.

The prosecutor said the two rookies were working undercover trying to find some of the sources of the narcotics when they were seized at gunpoint in an apartment by four men.

He said the four accused the pair of being police informers and kept them captive for several hours before releasing them.

Police subsequently nabbed the four who were arraigned in Ann Arbor municipal court on kidnapping charges. They were booked as King Smedley, 26, of Ann Arbor; Keith Martin, 25, of Saline; Anthony G. Novak, 23, of Ann Arbor and James Nodine, 28, of Whitmore Lake. Three of the four also were charged with armed robbery. All were held under \$40,000 bond apiece.

### Purcell Sons Home On Leave

Mr. and Mrs. Joseph Gouin, daughter, Sharon, of Escanaba and Rev. Joseph Gouin of Kingsford and Lloyd Gouin of Detroit were dinner guests at the home of Mr. and Mrs. Lloyd Papineau Monday night.

Mr. and Mrs. Clayton Blair have returned home to Albion after spending a week with Mr. and Mrs. Edward LeQuia, 223 N. 19th St.

Mrs. Daisy Archambeault, a former resident of Escanaba, arrived recently in the Wilson area where she is visiting presently with her mother, Mrs. Alice Keill, a sister, Mrs. Ruth Wentland, and a brother, Clarence Keill, all of Wilson. Mrs. Archambeault has traveled through California, Florida, and the Bahama Islands for the past six months.

on a new audit of the Detroit program. Its published report covered the 1965 and 1966 fiscal years.

Detroit has received about \$50 million in federal antipoverty funds. Only New York and Chicago have gotten more. Detroit also is one of only two cities whose major antipoverty agency is an arm of city government rather than an independent nonprofit corporation. The other is Chicago.

The GAO said some participation figures provided by the Detroit agency—and on which the Office of Economic Opportunity

had to rely for future planning

were inflated.

One report for a particular school program listed 7,539 participants. But in checking school-by-school enrollment figures, the GAO said it found 4,000 fewer participants.

**Rent Inflated**

The GAO said the Detroit Board of Education—to whom the mayor's committee contracted some antipoverty education programs—tried to get too much financial credit for classroom space it provided.

The city was required to contribute 10 per cent of the cost of antipoverty programs. Value of the space provided was allowed to count toward this contribution. The GAO said it checked \$342,160 in claims and found only \$71,855 was justified.

It said at one school the city claimed rent on a basis of 2,184 room-days of use, but that the rooms were reserved for antipoverty programs only 319 of those days—and may have been used even less than that.

## Tax Deadline Causes Detroit Traffic Jams

DETROIT (AP) — Thongs of dozen mailmen taking returns from motorists as they drove up.

"We've had it for the past several years," said Charles Duvall, foreman of mails. "This is necessary to help prevent traffic jams and accidents."

He said total volume of mail was not available, "but I've been out there and we've had about 8,000 or 9,000 cars stop."

Cass Opaloch, afternoon tour superintendent at the main post office, said everything was being done to take care of people filing late returns.

"We hold off the postmark about an hour after midnight," he said. "We sent special delivery messengers to all the substations to pickup mail. We do this because it wouldn't be fair to those who mailed their returns in the late afternoon or evening."

"We've got money coming back this year. That's what really hurts," Mrs. O'Malley added.

Michigan extended its deadline until April 25 because of civil disorders which placed a curfew on Detroit area residents last week. But federal and Detroit income tax returns were due at midnight Monday. Failure to file on time means paying penalties.

"You couldn't even walk through the Federal Building lobby today," said a U.S. government guard, who declined to identify himself. "Some people were too late to get forms. The IRS (Internal Revenue Service) placed some forms in the lobby but they were gone by early evening."

## Yankees Retire DiMaggio's 5

NEW YORK (AP) — Joe DiMaggio's old No. 5 has been retired for all time at Yankee Stadium. A chunk of the Yankee Clipper's pinstriped uniform hangs in a place of honor with Babe Ruth's No. 3 and Lou Gehrig's No. 4.

But DiMaggio was back in action at the big Stadium Monday afternoon, wearing the Kelly green and Fort Knox gold uniform of the Oakland Athletics. He had the white kangaroo shoes, too, and the familiar No. 5 was on his back.

It wasn't exactly a fit day for a homecoming for an old hero. A Monday afternoon, clouds hanging low and only a few fans (8,579) in the stands.

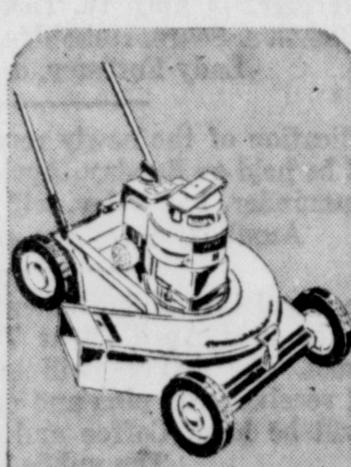

Joe D. stood near the batting cage, shaking hands with old friends and talking about his new job as executive vice president and coach for the transplanted A's.

"The most heartwarming thing that happened to me," DiMaggio said, "was the way all the old employees come up to me and wished me luck. Sort of like Oldtimers Day all over again. It was the same way in

## Torrid Minnesota Twins Defeat Orioles Behind Allison's Big Bat

By The Associated Press  
Spring has been a little late this year in Minnesota, but a heat wave is on the way.

Big Bob Allison and the torrid Twins are coming home.

While temperatures hovered around the freezing mark in Minneapolis-St. Paul Monday night, Allison continued his early-season hitting binge with two doubles and a triple at Baltimore more as the unbeaten Twins whipped the Orioles 6-3 for their fifth straight road victory.

Allison led American League hitters with a .550 average and the Twins topped the AL standings as they headed back to Minnesota for Wednesday's home opener against Washington.

The temperature was 56 de-

grees in wind-swept Baltimore, but Twins Manager Cal Ermer wasn't complaining. "I'm glad we played in cold weather here," he said. "Now we're ready for home. I understand it was 28 there today."

At Washington, Pascual became the only active American League pitcher to reach the 2,000 strikeout mark when he fanned the Angels' Chuck Hinton in the fourth inning.

The 34-year-old right-hander, who missed the last three weeks of the 1967 season after breaking his left ankle in a game to California, finished the day with

a total of 2,007 strikeouts and the 33rd shutout of his career.

Ken McMullen and Sam Bowens homered for the Senators who wrapped up the victory with a five-run burst in the fifth.

Ramon Webster drilled a triple and homer, driving in three runs, and rookie Reggie Jackson delivered two more with a double and homer as the A's pounded Yankee ace Mel Stottlemyre.

John "Blue Moon" Odom checked New York on five hits until the ninth, when Tom Tresh clipped him for a two-run homer.

## Met Error Gives Astros Victory In 24 Innings

By The Associated Press

Rusty Staub said things started getting pretty funny around the 17th inning. Roy Hofheinz officially sanctioned the humor of the situation five innings later.

Two innings before the longest night game in major league history ended in the Astrodome Monday night with Houston a 1-0 victor over the New York Mets — who else? — the following legend appeared on Astros' owner Hofheinz' psychedelic scoreboard:

"The judge says he's ready to go to bed ... let's score a run." "After about the 17th inning, everything sort of got funny," said Staub, who batted nine times in the six hour, six minute contest. The game outlasted by two innings the longest night game played previously, a 6-5 American League victory for Washington over Chicago last year.

"That was a three-package-of-tobacco game, and I've just got one chew left," said catcher-coach Buddy Hanneken of the Astros.

The game mercifully came to an end in typical Metsian fashion, with an error letting in the run after eight pitchers had battered valiantly to preserve the scoreless deadlock.

In the only other National League games played, Los Angeles rallied heroically to beat Pittsburgh 3-2 and St. Louis Cup playoffs could end tonight.

A bevy of fines also were levied Monday because of a brawl in one playoff game.

Chicago, Los Angeles and Philadelphia all lead in their series by 3-2 margins in the best-of-seven series, and Montreal already has won its set with Boston by sweeping four straight games.

The Black Hawks meet the New York Rangers on Chicago tonight, Philadelphia goes to St. Louis, and Los Angeles is at Minnesota.

Kenny Wharam of Chicago suffered injured ribs Saturday and likely won't play. His replacement Sunday, and probably tonight, was 23-year-old Bobby Schmautz, playing his first Stanley Cup series.

Schmautz got an assist on

the inning, scoring on an infield out, was only the second scored in 44 innings this season. Until then, the Dodgers seemed likely to absorb their fourth shutout defeat in the five-game-old season.

Bill Singer, who gave up only six hits himself, and retired 19 batters in a row at one stretch, was the winner. Veale didn't allow a hit until the fifth when Rocky Colavito singled.

And in yet another last-inning finish, Johnny Edwards came up with a pinch single that drove in the winning run for the Cards. Pat Jarvis and Bog Gibbons had duelled 1-1 into the seventh when Hank Aaron's Homer gave Atlanta a one-run bulge.

But Roger Maris drove in two runs in the eighth for the Cards with a double and not till Dal Maxvill singled in the 10th and two-run Homer beat him.

The first Los Angeles run of

Bobby Hull's game-tying goal Sunday, then banged in a 90-footer with 2:59 left to lift the Hawks to a 2-1 victory over the Rangers.

"It was just a desperation shot," Schmautz said. "I just let fly from center field, and I never did see it go into the net."

Ranger Coach Emile Frazee said, "We never lost a tougher one. It was a fluke goal. We're putting the puck in the net for the wrong team."

Schmautz's shot glanced off a Ranger defenceman's stick.

The NHL announced that the East Division final series will begin Thursday night or Saturday night in Montreal, which will meet the winner of the New York-Chicago series. If a seventh game is needed in the Rangers-Hawks series, it will be in New York Thursday.

The league president, Clarence Campbell, also slapped fines on St. Louis and Philadelphia because of a brawl between the two teams Saturday.

Hardest hit were the clubs' coaches. Coach Keith Allen of Philadelphia will pay a personal assessment of \$500, while his counterpart, Scotty Bowman of St. Louis, was fined \$400.

## Telegrams Blast Masters Finish

AUGUSTA, Ga. (AP) — Telegrams from across the nation poured in to Augusta National Monday, criticizing the controversial finish of the Masters Golf Tournament.

"We've gotten quite a stack of them," said Clifford Roberts, chairman of the Masters. "And not one said we did the proper thing."

"The ones we got all say 'You gave that fellow a bum deal!'"

"That fellow" is Argentina's Roberto de Vicenzo, globetrotting golfer who tied for the Masters title Sunday but was dropped to second because he signed a card which listed his score incorrectly.

The ruling left Bob Goalby the champion and left the Masters embroiled in golf's biggest controversy.

Roberts said the critics of the ruling don't understand that in golf, "score-keeping responsibility is pinned on the player, who must sign an accurate score."

De Vicenzo's partner was Tommy Aaron, who gave the Argentine a four on the 17th hole although de Vicenzo made a birdie three there.

When the score was totaled, it showed de Vicenzo with a 66

instead of the 65 he shot. De Vicenzo, upset over bogeying the 18th hole, signed the card and was taken away to prepare for the final ceremonies. Then Aaron discovered the error, and de Vicenzo had to accept the score he signed for.

That gave him a total of 278, one stroke more than Goalby's 72-hole total, and plans for a Monday playoff were eliminated. Goalby was ruled the champion.

De Vicenzo, asked by newsmen if such a controversy could have happened in Argentina, said "No, at home we play a friendly game."

## State Bowler Holds Third

CINCINNATI (AP) — Tony Ciocco of Kalamazoo, Mich., holds third place in regular all events in the American Bowling Congress Tournament at Cincinnati. Ray Eedmer of Lincoln Park, Mich., is fourth, Bob Hitt of Livonia, Mich., fifth and Hal Jolley of Detroit sixth.

Ciocco's score is 1,923, Eedmer has a pin total of 1,911, Hitt has 1,901 and Jolley 1,894.

## Jones Leads Celtics Past 76ers With 37

PHILADELPHIA (AP) — Sam Jones isn't ready for a rocking chair just yet.

The 34-year-old sharpshooting guard of the Boston Celtics may need a breather now and then, but he's as tough as ever in the clutch. If you don't believe it, ask the Philadelphia 76ers.

Philadelphia was all set Monday night to finish off the Celtics in their best of 7 game Eastern final in the National Basketball Association. The 76ers led 3-1 and were at home before a sellout crowd of 15,202. Everything pointed to a Boston fade out.

Something went wrong with the script. Boston won 122-104. Old and tired Sam Jones fired in 37 points.

"When you're down 3-1," said Old Sam after he finished shooting up the 76ers, "You just pull up your socks and get the job done."

Jones connected on 15 of 27 from the field and threw a natural at the foul line—7 for 11. He broke the back of the team he describes as the strongest physically he's ever seen.

So, the series headed back to Boston for the sixth game Wednesday night. A seventh, if necessary is slated for Philadelphia Friday night.

Jones didn't put down the defending champions all by himself. John Havlicek poured in 29 points and holds a victory over former world champion Joe Giardello. His record is 59-25-3.

Wayne Embry came on in the second half and kept Wilt Chamberlain — 31 points, 30 rebounds, seven assists—but away from the basket with his bul-

like defense. Bill Russell grabbed 34 rebounds.

The Celtics wound up the living corpse you ever saw.

It was a typical Boston-Philadelphia dogfight for three quarters, with the Celtics rallying from a six-point deficit to lead 84-81 after three quarters. With 11:45 left in the game it was 83-88 on a 17-foot jumper by Matt Guokas.

In the next seven minutes and 14 seconds the Celtics outscored Philly 17-7 and it was all over. Jones, Havlicek and Don Nelson scored the 17 points.

Philadelphia went stone cold, shooting 3-for-21 and winding up 7-for-29 in the final 12 minutes — 24.1 per cent. Over the same period, Boston shot 16-for-26 — a 61.5 clip.

Hanks To Fight In Main Event

HOUSTON, Tex. (AP) — Light heavyweight Mark Tessman, displaying an unblemished 19-0 record, fights veteran Henry Hank of Detroit tonight in the 10-round main event at Sam Houston Coliseum.

Tessman, 21, a University of Houston junior, is ranked No. 9 among light-heavyweights. Hank, 33, has scored 39 knockouts and holds a victory over former world champion Joe Giardello. His record is 59-25-3.

Tessman trained with Dave Zygiewicz, ninth-ranked heavyweight who fights Sam Wyatt next week in Los Angeles.

Escanaba Daily Press Readers: This special INTRODUCTORY OFFER brings you

# \$100.00-A-WEEK EXTRA INCOME WHENEVER YOU OR YOUR FAMILY GO TO THE HOSPITAL

**—Only 25¢ enrolls your entire family for the first month**

- ★ Pays \$14.28 cash for each day you spend in the hospital...even up to 100 weeks
- ★ Pays up to \$10,000.00 tax free cash for each hospital stay
- ★ Pays all cash direct to you (not to doctor or hospital)

**ACT NOW—YOUR ENROLLMENT FORM MUST BE MAILED BY MIDNIGHT THURS., APRIL 18, Or It Cannot Be Accepted.**

One out of two families will have someone in the hospital this year! It could be you—or some beloved member of your family tomorrow...next week...next month. Sad to say, very few families have anywhere near enough coverage to meet today's soaring hospital costs. These costs have tripled in just a few short years. They are expected to double again in the few years ahead.

Stop for a moment. Think how much a long stay in the hospital will cost you or a loved one. How would you ever pay for costly, but necessary, X-rays, doctor bills, drugs and medicines? What would you do with your pay check stopped, but living expenses still going on the same as ever? The same rent, phone, food, all the day-to-day expenses that never stop.

What is the average breadwinner to do? We believe we have the answer in the famous Presidential Extra Cash Plan that

... Pays you \$100.00 a week tax-free cash when you go to the hospital.

What a blessing it is when you know you have an extra \$100.00 cash coming in every week—beginning the very first day you enter the hospital.

Now, Presidential's economy plan enables you to enjoy this protection at once. Because it will NOT cost you \$200.00. It will NOT cost you \$100.00—or even \$50.00. Your special low price is just 25¢ for the first month's coverage. Then continue at regular low Presidential rates.

**Your cash benefits increase each year—  
at no extra cost to you!**

And what peace of mind not to worry about rising costs. Your protection automatically increases \$3.00 a week each year. The first year you get \$100.00 a week. You get \$103.00 a week in the second year, \$106.00 a week in the third year, \$109.00 a week in the fourth year. By the eleventh year, your policy will be worth a full \$180.00 a week in benefit payments...at no increase in cost to you! This generous cash reserve protection will belong to you for as long as you keep the policy. You can see that your insurance will be worth much more than the present "face value" of the policy. Certainly, our increased payments to you will help keep pace with rising costs and—best of all...

**...The increasing benefits come to you at no extra cost.  
You still pay the regular low Presidential premium!**

What other Plan protects you like this today? What other Plan keeps protecting you against rising living costs in the years ahead without increasing your premiums? And that's not all. This special Presidential Extra Cash Plan (#HP 18L-1067)...

**PAYS** Up to \$10,000.00 CASH for each accident or illness, starting the very first day in the hospital.

**PAYS** \$100.00 A WEEK CASH—if you need a full-time registered nurse when you come home from the hospital—up to 50 weeks.

**PAYS** \$1,000.00 EXTRA CASH for accidental death.

**PAYS** Up to \$2,000.00 CASH for accidental loss of limbs or eyesight.

**PAYS** \$100.00 A WEEK CASH for each pregnancy, childbirth or miscarriage when you go to the hospital, assuming both husband and wife have been enrolled in the Family Plan With Maternity.

**PAYS** Up to \$5,000.00 when a child goes to the hospital for any accident or illness when you are enrolled in the Family Plan.

**PAYS** You cash benefits that increase each year...to a maximum of \$130.00-A-WEEK...at no extra cost to you!

**NO** age limit—no medical examination required

## IF YOU ARE 65 OR OVER PRESIDENTIAL WILL PAY YOU IN ADDITION TO MEDICARE

Why are smart folks over 65 now hastening to protect themselves with the Presidential Extra Cash Plan in addition to what Medicare will do for them?

Even though Medicare is a great boon to folks over 65, it will not, of course, pay all the bills that quickly pile up as a result of illness or accident.

### Regardless of your age, you still need additional health protection.

We have designed this plan as the important addition to what you receive from Medicare—or any other health insurance you may have. Remember, all checks will be sent directly to you (not to the doctor or hospital), to give you that "extra" help just when you need it most. Use the tax-free cash any way you see fit. And you will be glad to know the checks will be *big ones!* In addition to what you receive from Medicare, Presidential pays you \$70.00 a week...EVEN FOR 100 WEEKS if necessary! You can receive as much as \$7,000.00 for each illness or injury when hospitalized!

### ... Pays you \$100.00 a week CASH for a registered nurse at home.

Yes, in addition to the \$100.00 weekly checks we send you during your hospital stay, we pay you an extra \$100.00 a week if the doctor says you need a full-time registered nurse to take care of you at home.

How comforting it is to know that—after your stay in the hospital, if you've been there three days or more, you can return home to recuperate and yet not be a burden to your loved ones. Yes, if your doctor says you need a registered nurse full time within 5 days after you come home, we'll send you checks for \$100.00 a week—for as long as you need the nurse—ever up to 50 weeks. It's like having a reserve of \$5,000.00 cash to draw on when you need it. These benefits also increase each year by \$3.00 a week. Another exceptional feature you have with Presidential!

### ... Pays you \$100.00 a week cash maternity benefits

Ordinary hospital insurance may take care of part of your expenses when you go to the hospital to have a baby. But what policy can you think of that gives you cash to buy all the things you need for the new baby? Now, if both husband and wife are insured in the wonderful Family Plan With Maternity for the entire period of the pregnancy, you get extra cash to use any way you want. If a pregnancy, childbirth or even miscarriage puts you in the hospital for one day, five days, 10 days—*as long as necessary*—you get \$100.00 a week for every day of your confinement, up to 100 weeks.

### All these added cash benefits.

Yes, in addition to \$100.00 a week for hospitalization or \$100.00 a week maternity benefits and \$100.00 a week for a registered nurse at home...you get all this:

**Added cash benefits:** \$100.00 cash to your family if death occurs within 90 days from any accidental injury. Think of how handy the cash can be in time of loss. It can take care of burial expenses without burdening your loved ones.

**Added cash benefit:** Up to \$2,000.00 cash for loss of limbs or eyesight, when the loss occurs within 90 days of the accident. The loss of a limb or eyesight is a terrible thing. Nothing can replace the loss, but a check for \$1,000.00 or \$2,000.00 will bring greater peace of mind during the period of adjustment.

**Added cash benefit:** Choose either Family Plan...and your children will be covered too! Presidential pays up to \$5,000.00 any time your youngster goes to the hospital...for tonsils, appendicitis, or any other illness or injury! Yes, you will receive \$50.00 cash, week after week—for as many as 100 weeks, if necessary.

Tell you how Presidential's COST OF LIVING INCOME RE-  
PLACEMENT HEALTH AND ACCIDENT PLAN gives you the  
protection you need—at amazingly low cost!

1. How much will my policy pay me when I go to the hospital? The full amount! You are paid \$100.00-A-WEEK cash every single week. And it starts the very first day you are in the hospital. (If you are over 65, you are paid \$70.00 a week, in addition to any Medicare benefits you receive.)

2. Will I be paid if I am hospitalized for less than a full week? You can only wait...and in full. Regardless of whether you are in the hospital for a longer time as the first 2 years, as long as a week, month, year or more, you are paid in full.

3. Does this Plan pay you from the first day of hospitalization? Yes! You receive full cash benefits of \$100.00 a week starting the very first day you enter the hospital. The coverage begins when we accept your completed Form and 25¢—that is the day you and your loved ones are covered for any accidents. Sickness coverage begins 30 days after the effective date of the policy.

4. How much do I receive for a Registered Nurse at Home? \$100.00-A-WEEK for up to \$5,000.00 after you have received hospital benefits for a day or more. If your doctor has you stay in a full-time registered nurse within 5 days after you leave the hospital, Ten years from now it will have increased to \$130.00 a week in benefits...at no extra cost to you.

5. Are there any accidental death benefits? Yes, \$1,000.00 cash is paid to your estate when death occurs any time within 90 days of an accident.

6. Will I be paid extra if I lose a limb or eyesight? Yes, Presidential pays \$1,000.00 for complete accidental loss of one hand or one foot or sight of one eye; \$2,000.00 for loss of both hands or both feet or sight of both eyes...when dismemberment occurs anytime within 90 days of the accident.

7. How much do I receive for pregnancies? If you have the Family Plan With Maternity, you receive \$100.00-A-WEEK for the same period as the hospital or maternity that results in hospital confinement when both husband and wife are enrolled under this plan for the entire period of pregnancy.

8. Suppose I am paid benefits for any sickness or accident. What happens if I am again hospitalized for the same condition? Don't worry. You still collect \$100.00-A-WEEK for a total of 100 weeks. And if you have already resumed full normal activities for just 90 days, it's considered a new confinement, and you can collect for an additional 100 weeks. Of course, any new condition is covered immediately for a full 100 weeks.

9. May I apply these benefit payments? You may use them in any way you wish—for hospital and doctor bills, rent, food, household expenses, or anything else. This is entirely up to you.

10. May I apply if I am over 65? Yes, you may. Folks any age are welcome to apply—there is no age limit! Members over 65 are paid \$70.00 a week plus all Medicare benefits.

11. Can I collect from Presidential even if I carry other insurance? Of course. This plan will pay you in addition to whatever you may receive from any other policies, including Medicare for folks over 65.

12. Why do I need this Presidential Plan in addition to my other hospital and health insurance? Hospital costs have tripled in recent years, very few people have tripled their insurance. The changes are one in seven that you will need money to take care of all your other expenses, as well as your hospital bills. Your Presidential checks are rushed to you by air mail to use as you see fit.

13. What benefits do my eligible, dependent children get? If you choose a Family Plan, your dependent eligible children, ages 3 months to 19 years, would receive 50% of all the cash benefits of the basic Plan and 100% of all its other benefits and features (excluding Waiver of Premium).

14. May I add future dependent children to my policy after it is in force? Yes, indeed, if you have the FAMILY PLAN WITH MATERNITY. Just notify us when they are 3 months old and they will be covered without evidence of insurability and without any additional charge.

15. Will my protection be cancelled because I have too many claims? No, definitely not! Presidential guarantees never to cancel your protection because you have too many claims or because of advanced age. We also guarantee never to refuse to renew your policy unless the premium is not paid before the end of the 31-day grace period, or unless material damage is done to all policies of the type in your entire state. (Of course, if deception is used in making application, the policy may be ineffective.)

16. Will my rates be raised as I grow older or if I have too many claims? No matter how many claims you have, or regardless of how long you keep your policy, your rate will remain the same as it was for your age when you applied. Presidential guarantees never to adjust this rate unless the rates are adjusted on all policies of this type in your entire state.

17. What is not covered by this policy? The only conditions not covered are those caused by: mental disorders; intoxicants and narcotics; expenses resulting from any sickness or injury you had before the policy Effective Date (during the first 2 years only); act of war. **EVERYTHING ELSE IS COVERED**—including pregnancy, childbirth or miscarriage when both husband and wife have been enrolled in the FAMILY PLAN WITH MATERNITY for the entire period of pregnancy.
